The editors solicit letters containing news of any sort which would be of interest to Spenserians, and will make an effort to print any legitimate query. We also solicit abstracts and/or offprints of articles, the receipt of which may reduce the time between the publication of the article and our report on it.

Subscription rates, institutional and private: $3 in USA, $4 in Canada, $5.50 in Latin America and overseas. Overseas subscriptions may be subject to higher charges if invoicing is required. These rates are for Volume 11, for 1980; subsequent rates may change.
